

TASK 2

Oral interaction

CANDIDATE A

TEST 5

ROBOTS

For many years, robots and machines have been replacing humans in the workplace. Now with advances in computing and artificial intelligence this process seems to be accelerating.

Share your ideas on the subject with your partner(s). Express and justify your opinions while referring to the following:

- What kind of jobs are likely to be affected
- What repercussions this will have for society

© www.google.com

You have two minutes for individual preparation. Then talk to your partner(s) for 3 to 4 minutes if there are two candidates or for 5 to 6 minutes if there are three. Your production will be recorded.

TASK 2

Oral interaction

CANDIDATE B

TEST 5

ROBOTS

For many years, robots and machines have been replacing humans in the workplace. Now with advances in computing and artificial intelligence this process seems to be accelerating.

Share your ideas on the subject with your partner(s). Express and justify your opinions while referring to the following:

- What kind of jobs are likely to be affected
- What repercussions this will have for society
